HISTORY

Information culled from prior diocesan press releases indicates that the late Bishop Matthew Brady implemented the Catholic Youth Organization, C.Y.O., in the Diocese of Manchester in 1947. His purpose in establishing the CYO was to coordinate the various phases of youth activity incorporating spiritual, cultural, social, and athletic pursuits. In so doing, the program was set to promote the Church's influence upon the leisure time of Catholic young people in the Diocese. In July of 1967, the late Bishop Ernest J. Primeau restructured the youth organizations into the Diocesan Youth Department incorporating CYO, Catholic Scouting and other leisure time activities. The CYO now functions as the primary athletic component of parish activities and operates under the aegis of the Office of Faith Development.

CYO exists to complement the training and direction given to our youth by the Church. As such, the primary emphasis of the CYO has always been to support and strengthen parish-based programs in their formational mission. By engaging young people in an area of interest, specifically athletics, parishes have a unique opportunity to extend a welcoming hand into the life of the Church, to tell our youth that the community is strengthened by their participation.

CYO Athletics is governed by the Diocesan Athletic Board, a regulatory and policy making body which oversees player eligibility, tournaments, coaches' accreditation, rules clinics and all other components of the athletic program. The Board is comprised of volunteers of various backgrounds, dedicated to young people and the adults who coach them.

MISSION STATEMENT

The CYO Athletic Board of the Diocese of Manchester exists to serve and promote the Church's formational mission among all youth of our Diocese. By providing athletic leagues and tournaments for young people, the Board supports parish youth ministry programs in the learning areas of sportsmanship, competitiveness, physical exercise and teamwork. By mandating Accreditation Clinics for coaches, the Board monitors the quality of adult role models by providing training in adolescent psychology and Christian ethics as well as in the practical areas of health-related issues and first-aid. In service to both the parent community and the parish community, the volunteer members of the CYO Athletic Board are dedicated to the Evangelization of our youth, open to Ecumenical collaboration and promoters of Gospel values in the particular area of their unique apostolate.

DIOCESAN PRAYERS

Basketball:

God our loving Father, we take a time out before we begin to thank you for giving us the ability and the opportunity to play this game today. We thank you by offering you the prayer of our words, actions, and attitude in this game. This game is more than a game because it expresses who and what we are. May we recognize and respect you as you come to us in our teammates who stand by us, in our fans who support us, in our coaches who teach us, in our officials who guide us, and in our competitors who challenge us to play our best. Help us overcome our fears, help us accept what is beyond our control, and help us do and be our best in this game and in the game of life, through Christ our Lord. Amen.

Cheerleading:

God our loving Father, we take a time out before we begin to thank you for giving us the ability and the opportunity to participate in this cheerleading competition. We thank you by offering you the prayer of our words, actions, and attitude. This is more than a competition because it expresses who and what we are. May we recognize and respect you as you come to us in our teammates who stand by us, in our fans who support us, in our coaches who guide us, in our judges who evaluate us, and in our competitors who challenge us to be our best. May we see cheering as something we are called to do not only on the court, but in life. May we see cheering as a true ministry where we offer support and encouragement, as well as spirit and life to others. Help us overcome our fears, help us accept what is beyond our control, and help us do and be our best in this competition and in life, through Christ our Lord. Amen.

- (d) Upon disposition by the Board, the appeal requester and the appropriate Deanery Director will be notified of the disposition as well as the appeal details will be entered into the Board meeting minutes.

B. LEAGUE CLASSIFICATION

1. Leagues may be set up in the following divisions:

<u>Parish:</u>	
3 rd & 4 th grade,	Junior Mites
5 th & 6 th grade,	Mites
7 th & 8 th grade,	Cadets
Junior parish,	
Intermediate.	High School

Catholic Grammar School:

5th & 6th grade,
7th & 8th grade.

2. Participation in basketball and cheerleading is limited to “boys only” and “girls only” teams except in 3rd and 4th grade division where co-ed basketball teams will be allowed.
3. The League Presidents will determine the number of games and the specific game brackets.
4. The selection of the coordinator of officials is up to the discretion of the State Athletic Board in collaboration with the Deanery Directors.

C. PLAYER ELIGIBILITY

1. Verification of a player’s age is made by official baptismal certificate, birth certificate, school or parish record, or driver’s license upon request of the Deanery Director.
2. A player may not register, compete or be publicized under an assumed name.
3. The presumption is that all players listed on a CYO Athletic Roster duly signed by the Pastor or Priest Moderator or member of the Pastoral or School Staff, meet all eligibility requirements. Any player declared ineligible shall not participate in any further games or competition. All games played, by that team at that point, will be forfeited. If the player continues to participate after being declared ineligible, the team and coach or coaches will be suspended. These same guidelines will hold true for tournament competition.
4. Age and Division – A participant must not have completed the specified school level or reached the specified age by December 31 of the playing season.
 - (a) Intermediate – Has not yet completed high school and is under 19 years of age but not under age 14.
 - (b) Junior – Under age 16 but not under age 12.
 - (c) 7th and 8th Grade – Has not yet completed eighth grade of school and is under age 15 but not under age 10.
 - (d) 5th and 6th Grade – Must be in 6th grade of school or below, and under age 13 but not under age 8.
 - (e) Catholic Grammar School – Participants must be a student at that school, must not have completed the eighth grade, and must meet the specified age guidelines for the division.
 - (f) 3rd and 4th grade – must be in 4th grade of school or below, and under age 11 but not under age 7

5. Residence

A participant must compete only within that parish in which s/he is actually registered or for the school s/he regularly attends on a full time basis.

- (a) Players whose parents change registration during the playing season from a territorial parish to a designated “National Parish” by virtue of the national origin of at least one parent may choose to participate for either team of the player’s choice but may only play for one of those teams.
- (b) Should a player move during the playing season, he or she may choose to play for either the current parish or the new parish, but only one, and only for the current playing season. The choice must be made on the date s/he changes parish registration and the Athletic Board notified in writing by the new coach so that roster changes may be made where applicable.
- (c) All players, regardless of age, domiciled at the parents’ or legal guardians’ home are restricted to playing only for the parish in which the parent or legal guardian is registered.

- (d) There will be a twelve - month period of ineligibility for any individual whenever parish affiliation is changed off-season without a change in residence. Exceptions will be considered on a case by case basis by submitting a waiver form obtained from the League President and approved by the receiving Parish Pastor.
- (e) If a parish is moving, closing, twinning, or being suppressed, a player from that parish may play for a different parish when the parent(s) changes parish affiliation by registering at a different parish. This rule is only for the season of transition in which the parish has moved, been twinned, closed, or suppressed. If a player waits until a year after the change of parish takes effect, the player needs to wait the twelve-month period as written above in (d).

** Further interpretation (Oct. 2001) for rule 4(e): "Moving" refers to a parish church that physically changes location, and has a change of address.

Twinning, with one of the parishes moving (as defined above) or closing, means that the actual location relative to a player has changed, and, therefore, a player from the affected parish may change parish affiliation, in accordance with rule 4(e). Twinning, without one of the parishes moving or closing, means that the actual location relative to a player has not changed and rule 4(e) would not be applicable.

D. TEAM FORMATION

1. A parish/school may enter more than one team in a division.

2. Combined Parish/Catholic Grammar School Teams

- (a) Intent - This classification is to provide an opportunity for the following individuals to participate:
 1. Catholics who belong to a Parish that cannot sponsor a team due to the lack of enough players or a Parish that chooses not to sponsor a team.
 2. Catholic players who have been cut from other CYO teams after tryouts.
 3. Catholics whose parish team has reached a maximum number of 20 participants or as determined by the pastoral staff or delegate.
 4. Students who attend a school that cannot sponsor a team due to the lack of enough players or that chooses not to sponsor a team.
- (b) Eligibility - All players, Catholic and non-Catholic, in all divisions (except as noted below) residing within the Deanery boundaries. This rule does not apply to "Independent" teams or Catholic Grammar School teams. A Combined Parish Team will be allowed to draw non-Catholic players from within the territorial boundaries of the parishes combined but will only be allowed a maximum of two (2) non-Catholic players per team.
- (c) A maximum of twenty (20) players would be allowed on a Combined Parish/School team roster.
- (d) Establishment of teams - The Deanery Director in each Deanery will be responsible for monitoring the Combined Parish/School Team program.
 1. Each player will apply utilizing the appropriate form to be provided by the Deanery, insuring that all standard eligibility requirements are met.
 2. The Deanery Director shall review each application and certify the eligibility of each participant.
- (e) Miscellaneous Guidelines
 1. Game results will count in determining the league standings of all teams.
 2. The team and coaches must obtain approval from the Deanery Director before roster check.

3. Combined Parish Team Rosters must be signed by the Pastor/designee of the additional parish(s).
 4. Combined Grammar School Team Rosters must be signed by the Principal or designee of the additional parish(s).
 5. Since Catholic Grammar Schools also participate in other leagues, the above references to rules only applies to School teams when participating in the CYO Parish League.
- (f) When a Combined Parish or School basketball team is established, those Parishes/Schools may elect to form a Combined Cheerleading Team in accordance with eligibility rules.
- (g) Tournaments: Combined Parish Teams (both basketball and cheerleading) with only two combined Parishes (in accordance with the above requirements) are eligible for the New England CYO Tournaments. Combined Parish Teams with more than 2 combined Parishes (in accordance with the above requirements) are not eligible for the New England CYO Tournaments but have no restrictions at the deanery or state level.

3. Orthodox Community

- (a) The definition of non-Catholics excludes members of the Orthodox Community. (See paragraph 'd' below for exception)
- (b) If there is an Orthodox Community in a Deanery that wishes to enter a team into any CYO sport or event, they must abide by all the various eligibility requirements of any other parish of the Catholic Community. Participants may only be from the one Orthodox Parish and not from a combination of other Orthodox Parishes in the area. Orthodox Parish teams are allowed only 2 non Orthodox Players.
- (c) In order for an Orthodox team to represent New Hampshire in the New England CYO Tournament, **all** players must be registered at the parish and listed as such on the roster as approved before the season starts.
- (d) If there are no Orthodox Communities fielding teams in a Deanery, a member of the Orthodox Community may play for a Catholic Community team with the permission of the Deanery Director and the player fulfills all the requirements set forth in the eligibility rules for Non-Catholics to be on a Catholic parish team and will be counted as one of the two allowable non-Catholics.
- (e) Catholics cannot play on an Orthodox community team unless one parent or guardian of the participant is registered at that Orthodox parish.

4. Intermediate Division

- (a) High school graduates are ineligible for Parish CYO athletic teams.
- (b) Any member of a high school varsity, junior varsity, or freshman basketball team is not eligible. A member of a high school team is defined as a player who is on the high school roster or who dresses for and/or participates in games on behalf of the high school team in pre-season or at any time concurrent with the CYO season.
- (c) Intermediate teams will be granted a two week grace period after their team roster has been approved (on the regular scheduled league roster check date) to add players to the CYO roster. The addition of players is exclusively limited to only players who were members of a school team but have subsequently resigned from the school team and no longer dresses for games and does not in any way participate in games or practice scrimmages on behalf of the high school team. The player to be added must pass all of the standing eligibility requirements and his previous membership on a school team must be verifiable. The CYO coach and Parish AD are responsible for verifying the player's eligibility.

- (d) The team roster with the added player must be approved again by the same approving signatory who signed the original roster.

All additions added to a roster under the above circumstances must be finally approved by the Deanery Director.

5. Independent Teams

- (a) An independent team will not be eligible for any state competition unless they play a minimum of six (6) games with a minimum of three (3) different teams who are in an organized league in the Diocese of Manchester, NH, and must submit a list of those teams and the dates of scheduled games. Independent teams must submit their official roster for certification by January 25th of the playing season and provide copies of their score sheets to verify that they have met the preceding requirement.
- (b) No team in a Deanery that has an organized league can compete as an Independent team

E. NON CATHOLIC PARTICIPATION

The basic intent of non-Catholics participating in any activity is to prevent the separation of a group of youngsters who are frequently together even though one or two of them are not of our faith. (This would deter from the true spirit of ecumenism.)

1. Parishes will be allowed a maximum of two non-Catholics per team consistent with the basic intent stated above and still meeting the requirements of age and residence. Residence must be within the territorial boundaries of said parish.
2. A parish may not cut, drop or prohibit an eligible parishioner from their team if Non-Catholics are to be rostered.
3. In a Catholic Grammar School division, any enrolled student attending the school and meeting the specified age guidelines may participate.
4. In a designated "National Parish", one parent or guardian of the participant must be of the same nationality of the parish.

F. ROSTERS (ALL SPORTS)

1. Basketball – Roster maximum is 20 players
2. Cheerleading – Roster maximum is 20 players.
3. The CYO State Athletic board will conduct a roster review with Deanery officials to verify the following:
 - Roster is properly signed, timely, and entry of required data is complete.
 - Date of birth coincides with age requirement for eligibility.
 - Non-Catholic data is provided where applicable.
 - Participation form is included and complete.
4. Coaches, Assistant Coaches, and CITs must be named on the roster before the roster can be approved. Changes to the roster after approval can only be made with the approval of the League President and the Deanery Director. Only the approved coaches are allowed to sit on the players bench during games.
4. Any omissions, questions, etc. will be referred to Deanery directors for review and action before being accepted as a participating team by the State Board. Rosters are subject to further review at anytime, as is eligibility.
5. Rosters of each team in each sport must be completed using the official roster form. Coaches must initial/sign "Code of Conduct" and "Responsibilities of a Coach" and "Rule Book Acknowledgement" pages

and submit them for approval with the roster at roster check. No official games can be played until the roster and associated documents are approved by a member of the Diocesan Athletic Board.

6. An approved official copy of the roster must be submitted to the Diocesan Athletic Board upon request.
7. The coach and a member of the Parish's Pastoral Team must sign rosters. Only original signatures will be accepted on the roster(s), as there is no way to verify photocopies of signatures. Coaches must be ASEP certified as of the date of the roster submission. (Coaches and Pastoral Staff are encouraged to check rosters against Parish records prior to signing to insure that participants are eligible).
8. Rosters for Independent Teams are to be submitted to the respective Deanery Directors **ONLY**.
9. Double Rostering:

Participants are only allowed on one CYO roster per sport unless they participate on a parish and catholic school team that are not in the same league.

- a. All other double rostering requests must be approved by the Deanery Director.
- b. The approval for double rostering can extend beyond the regular season play into Diocesan Tournaments providing that the Tournament Director of any Diocese Tournament can reasonably and fairly resolve schedule conflicts.
- c. New England Regional Tournament rules prohibit double rostering unconditionally

Rostered Coaches Initials: _____

RESPONSIBILITIES OF A COACH 2017 edition

To the Parish

The coach must assure the parish that he/she will provide equal opportunity for participation to all that indicate the desire.

The coach must inform the parish of the necessity of safety measures regarding physical examinations, proper and sufficient equipment, transportation, and adequate supervision during contests.

To the Player

The coach is primarily responsible for the health, physical well being, safety and development of character, values, and leadership.

The coach must establish high standards of conduct and behavior and tolerate nothing else.

These high standards of the team, the parish, and the coach cannot be compromised in order to win.

The tradition of good sportsmanship must be a prime objective of everyone.

To the Parent

The coach should assure the parent that s/he is primarily concerned with the safety and protection of their child.

That s/he is vitally interested in the development, as an individual, and a team member, of the child.

The parent should refrain from interfering during practice, or contests.

To the Opponent

The coach should endeavor to establish the best of relationships with the other team, regardless of the degree of rivalry.

The coach should insist that his or her team shakes hands with their opponents before the contest and behave with courtesy at all times.

Good sportsmanship dictates that the opposing coach, and team, publicly demonstrates their mutual good will at the end of the game, and good manners dictate that the winning coach, and team, should make the initial overture.

To the Officials

The coach is responsible for seeing that proper and adequate facilities for the officials are made available. A student manager should be assigned to meet, direct and escort the officials to these facilities.

In dealing with officials, the coach's approach must be business-like at all times. S/he must have self-control and sufficient emotional stability to realize that the official sees the play through impartial and unbiased eyes.

Questions regarding rules interpretation should be settled before the contest.

There should be a clear understanding regarding the procedure to be followed in an on-the-spot interpretation if necessary.

At the end of the contest the coach should confine any remarks for the official to an area, away from the players, in the open and in the presence of a CYO league or board official. Any criticism of the referee should be directed, in writing, to the president of the league and the assignor of officials for that season.

To the Spectators

The coach must set the climate of behavior for the spectators.

The coach must demonstrate, through his/her own behavior, that s/he values self-restraint, fair play, and sportsmanlike conduct, while in no way lessening the importance of the team's winning the contest.

The coach is responsible for the conduct of the followers of his/her team and must exert every effort to assure their proper and sportsmanlike behavior.

To Himself

A coach's actions speak louder than his/her words. At all times, the coach must be the master of the situation and not let the situation master him or her.

Sportsmanship is contagious. It is difficult for spectators to boo and hiss when they see the coach behaving with dignity, courtesy, and good manners toward the opponents and officials.

The coach must set the example in his/her dress, speech, and actions.

It is impossible for a coach to be a "do-as-I-say-but-not-as-I-do" individual.

To the Coaching Profession

The coach must constantly strive to improve his/her knowledge and technique by attending clinics, making use of professional literature, and pursuing advanced study.

The coach should never embarrass a colleague by deliberately running up a score.

The coach should never criticize a player publicly, or in the presence of the team.

The coach must always bear in mind that s/he is a member of one of the most respected and honored professions, and refrain from actions that could be detrimental to the profession.

Coaches influence not only the conduct of the players under their direction, but also the behavior of the spectators.

The coach, because of this specialized knowledge, is the best-qualified staff member for both adult and student orientation.

In dealing with officials, the coach's approach must be businesslike at all times. S/he must have self-control and sufficient emotional stability to realize that the official sees the play through impartial and unbiased eyes.

Any question regarding rules interpretation should be settled before the contest.

At the end of a contest, the coach should confine any remarks for the official to the privacy of the dressing room. Many conferences have strict rules prohibiting any criticism of the official. Any criticism should be directed to the head of the league.

Coaches must expect high standards of behavior from their squads and tolerate nothing else. The tradition of good sportsmanship must be a prime objective of everyone.

To the Coaches

Any athletic program must also be an educational program. Every athletic coach must be first an educator - - teacher - -coach.

Coaches teach the skills, the rules of the game, and the strategy of the game. They condition the players physically, but intellectually, socially, and emotionally, to engage in competition.

Coaches must lead by example in teaching their players respect for each other and respect for their opponents.

Coaches should also teach:

Responsibilities of a Coach (cont'd) (2017 Edition)

- (a) An understanding of what a difficult job it is to be an official.
- (b) An appreciation for the caliber of men and women who officiate.
- (c) A confidence in the integrity of officials and their non-partisan spirit.
- (d) An acceptance of official's decisions without display of irritation or anger.

MAINTAINING BOUNDARIES

'Maintaining boundaries' means respecting the personal space of others. Maintaining boundaries protects young athletes as well as adults. Certain ways of expressing affection are more appropriate than others; as coaches, we need to be aware of the differences and to maintain appropriate boundaries at all times.

APPROPRIATE

- Side or shoulder-to-shoulder hugs
- Handshakes
- "High Fives"
- Verbal praise
- Pats on the shoulder, back or head (where culturally appropriate)

INAPPROPRIATE

- Lengthy embraces; kisses
- Comments about physique or physical development
- Showing affection while in isolated areas
- Holding children over the age of 5 on your lap
- Massages; tickling; wrestling; piggy back rides

SETTING THE TONE

It is the responsibility of the coach to exhibit professional behavior in all interactions with players, parents, other coaches, referees, and fans. Be mindful of your attitude during practices and games. You are a Catholic role model and are responsible for your behavior as well as the behavior of your players, their parents, and fans.

COMMUNICATION TIPS

Coaches should take care when communicating with players. Remember that words, as well as actions, can easily be misinterpreted. Be sure to write as if you expect everyone to read it and to maintain appropriate boundaries in all written communications.

DO...

- ⇒ Copy parents on all written and electronic communications
- ⇒ Communicate to all team members rather than individuals (e.g., send group emails)
- ⇒ Keep communications team-focused
- ⇒ Contact your supervisor (the pastor, principal, or CYO league president) if you receive any inappropriate correspondence
- ⇒ Consider the age of the players when deciding upon which communication method to use.

DO NOT...

- Send text messages to individual players
- "Friend" students on Facebook
- Share details about your personal life with players
